Caledonian  
80/-IPA 4.1%  
**£4.25pt**

Beer in Scotland was traditionally categorised in shillings, according to the amount of tax charged per hogshead - a giant barrel of which contained 42 pints. 40/- ale was a very light beer often supplied to farmhands. 50/- and 60/- beers were also reasonably light and mild. 70/-, 80/- and 90/- were progressively stronger, export-quality beers. The shilling system continued to be used to indicate the beers' quality and was legally recognised in 1914.

Polished bronze ale with pine and citrus fruit aromas, malty spicy flavours and a zesty rounded bitterness” We love the citrus and tropical fruit notes from the US west coast hops. Expressed so well in American Pale Ale, .. the hoppier interpretation of its English cousin.

From an award winning family owned brewery in Maine on the east Coast, a classic American pale ale with grapefruit citrus flavour, dry hopped with American hop varieties for greater aroma and flavour.

Erdinger  
5.3%  
**£4.95pt**

This is the classic wheat beer (Weissbier), a style of beer that uses wheat as well as barley malt, to deliver a cloudy beer with citrusy flavours. It has been lovingly produced since 1516 by the custodian of this brewing tradition – in Erding, a small town in Bavaria. It's a cereal thriller, brewed with crystal-clear water from the brewery's own wells.
